
KECA U.S.A. — COMMERCIAL CONTRACT FURNITURE

Indoor & Wood Collection 2026

SOLID WOOD · UPHOLSTERED · CONTRACT GRADE

kecausa.com · 305-833-0896 · Fort Lauderdale, Florida

One program, two workshops.

This catalog brings together the two sides of the KECA U.S.A. indoor offer: a solid-wood line built to order in our own workshop, and the Tilia contract seating range for high-turnover interiors.

The KECA wood workshop

Every piece in the wood line — dining chairs, barstools, lounge seating and tables — is made to order in the KECA International wood workshop. Frames are built in solid wood, with veneer and laminate tops on selected tables. Finishes are matched to your project, and upholstered models are sewn in the fabric you specify, so a single chair program can carry a lobby, a dining room and a bar without repeating itself. Because each order is cut and finished for the project at hand, the same silhouette is available as a side chair, an armchair or a barstool wherever the range allows.

Tilia contract seating, indoors

The Tilia indoor range covers stackable polymer chairs, upholstered café and bar seating, waiting-room benches and folding table programs — contract-grade pieces designed for easy cleaning and daily commercial use. Most models are made to order with a typical 2–3 month lead; a number of high-rotation models ship from our Florida warehouse. Shell colors and pad fabrics can be mixed across the range to keep large rollouts consistent.

HOW TO SPECIFY

Every product page lists the model name and factory reference. Send us your quantities and finish directions and we return a volume quote within one business day — including freight to your site.

Wood Chairs

Solid-wood dining chairs, made to order in the KECA International wood workshop. Custom finishes and fabrics.
